Data Security Concerns?

Wiping a hard drive is not always sufficient to comply with your company's needs for data security.

Goodwill now offers on-site hard drive shredding service.

Complete hard drive shredding on-demand at your location:

- Standard rotary hard drives up to 1-2" thick
- Shred up to 200 standard drives per hour
- Backup tapes
- DVDs
- Cell phones/other small e-scrap
- Server drives (rails removed)

Pricing:

- Starts at \$300 (up to 50 drives)
- \$5/per unit over 50 units
- No additional labor/trip charges within 25 mile radius of Center City Charlotte

For more information or to schedule our services, contact:

Brian Henry
Corporate Donations Manager
704-393-6886
Brian.Henry@goodwillsp.org

Proceeds generated through this service directly fund the mission of Goodwill to provide job training and employment services free of charge to individuals in our community facing barriers to employment.
