Report of Independent Auditor

To the Board of Directors
Goodwill Industries of the Southern Piedmont, Inc. and Subsidiary
Charlotte, North Carolina

Opinion

We have audited the accompanying consolidated financial statements of Goodwill Industries of the Southern Piedmont, Inc. and Subsidiary (collectively, "Goodwill") which comprise the consolidated statements of financial position as of December 31, 2024 and 2023, the related consolidated statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Goodwill as of December 31, 2024 and 2023, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are required to be independent of Goodwill and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Goodwill's ability to continue as a going concern within one year after the date that the consolidated financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Goodwill's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Goodwill's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Accompanying Information

Our audits were conducted for the purpose of forming an opinion on the basic consolidated financial statements as a whole. The accompanying information, which includes the consolidating schedules of financial position, activities, and cash flows is presented for purposes of additional analysis and is not a required part of the basic consolidated financial statements. Such information is the responsibility of management and was derived from, and related directly to, the underlying accounting and other records used to prepare the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the consolidated financial statements as a whole.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

Note 1—Nature of organization and significant accounting policies

Nature of Organization – Goodwill Industries of the Southern Piedmont, Inc. and Subsidiary (collectively “Goodwill”) is a not-for-profit organization headquartered in Charlotte, North Carolina. Goodwill provides employment and training services for persons with vocational barriers. Goodwill also provides temporary staffing services through the GoodWork Staffing Program. Goodwill is funded significantly through the sale of donated merchandise through its retail stores in North and South Carolina and various other programs and contributions.

Goodwill Opportunity Campus LLC, a solely owned subsidiary of Goodwill, was created to hold land and construct a new facility to be known as the Goodwill Opportunity Campus (“GOC”) located in Charlotte, North Carolina. Construction of the facility was completed in May 2016. GOC features a 160,000 square foot career services center located on an 18-acre site and offers access to technology, assessment, and testing in a comfortable environment, personalized mentoring and coaching, a warm hand-off to strategic partner agencies located on campus, work experiences through Goodwill’s on-site enterprises and expanded skill development capabilities. In addition to providing training and employment opportunities, the facility houses Goodwill’s business enterprise operations, administrative support services, and workforce services operations. It also includes a Goodwill Outlet Store, community conference center, and partner-provided financial services, food services, and health and wellness services.

Principles of Consolidation – The accompanying consolidated financial statements include the accounts of the Goodwill Industries of the Southern Piedmont, Inc. and its subsidiary, Goodwill Opportunity Campus LLC. Significant affiliated transactions and balances are eliminated when the separate financial statements are consolidated.

Basis of Presentation – The accompanying consolidated financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”). The Financial Accounting Standards Board (“FASB”) has established the Accounting Standards Codification (“ASC”) as the source of authoritative accounting principles to be applied in the preparation of consolidated financial statements in accordance with U.S. GAAP. Net assets and revenues, expenses, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions – Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of Goodwill. These net assets may be used at the discretion of Goodwill’s management and the Board of Directors.

Net Assets With Donor Restrictions – Net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of Goodwill or by the passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity.

Donor restricted contributions and grants are reported as increases in net assets with donor restrictions. When a restriction expires, net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the consolidated statements of activities.

Recognition of Support and Revenues – Revenue is reported as increases in net assets without donor restrictions unless use of the related assets is limited by donor-imposed restrictions. Expenses are reported as decreases in net assets without donor restriction. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in net assets without donor restrictions unless their use is restricted by explicit donor stipulation or by law. Expirations of temporary restrictions on net assets are reported as reclassifications from net assets with donor restrictions to net assets without donor restrictions. It is Goodwill’s policy to record revenues with donor restrictions and investment returns thereon that are received and expended in the same accounting period in the without donor restrictions net asset category.

GOODWILL INDUSTRIES OF THE SOUTHERN PIEDMONT, INC. AND SUBSIDIARY

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

Note 1—Nature of organization and significant accounting policies (continued)

Contributions, including grants and sponsorships, are recognized when cash, other assets or an unconditional promise to give is received. Conditional promises to give, that is, those with a measurable performance or other barrier, and a right of return or right of release, are not recognized until the conditions on which they depend have been substantially met. Contributions of assets other than cash are recorded at their estimated fair value.

Recognition of Program Service Revenues – Program service revenues including the retail program, GoodWork staffing, food services, and environmental enterprises are recorded at the time of sale. All performance obligations are considered met at the time of sale except in the case of advance payments for GoodWork staffing, which are recorded as deferred revenue until the performance obligation has been met. Sales tax collected from customers as part of the sale, is excluded from revenue and the obligation is included in taxes payable until the taxes are remitted to the state of North Carolina.

Cash and Cash Equivalents – Cash and cash equivalents include cash, money market accounts, and short-term investments with original maturities of three months or less.

Concentration of Credit Risk – Goodwill places its cash and cash equivalents on deposit with financial institutions in the United States. The Federal Deposit Insurance Corporation covers \$250,000 for substantially all depository accounts. From time to time, Goodwill may have amounts on deposit in excess of the insured limits.

Credit risk for accounts receivable is concentrated as well because substantially all balances are receivable from individuals located within the same geographic region.

Accounts Receivable – Accounts receivable are recognized at their contract price at the time the service is completed. Accounts receivable is considered past due or delinquent when payment is not received within the credit limit extended to the customer, normally 30 days. Goodwill reserves the right to charge customers late fees or interest on delinquent accounts receivable. Management has established an allowance for credit losses of \$104,431 and \$203,482 as of December 31, 2024 and 2023, respectively.

Credit Losses – Provisions for credit losses that are estimated through Goodwill's prescribed method of estimating losses are recorded against earnings through a corresponding entry to an allowance for credit losses. Financial assets are presented net of the allowance for credit losses. Any recoveries of amounts previously estimated as a credit loss are recorded against the allowance for credit losses. Scheduled payments which are not made by customers within eight months are considered past due.

In accordance with ASC 326, *Financial Instruments - Credit Losses*, Goodwill estimates the allowance for credit losses using relevant available information about expected credit losses and the loss rate method. Inputs to the model include information about historic credit losses, customer attributes, past events, current conditions, and reasonable and supportable forecasts. Adjustments to historical loss information are made for differences in current receivable-specific risk characteristics such as changes in the economy and demand trends, or other relevant factors. Financial assets measured at amortized cost primarily consist of trade receivables.

Goodwill's financial assets were assessed for expected credit losses utilizing risk pools based on customer type. Types of customers that are pooled together share similar risk characteristics and take into credit quality indicators such as account payment history, risk profile, financial health, and other publicly available information as of December 31, 2024.

Goodwill charges off previously reserved financial assets when the asset is no longer considered to be collectible by adjusting the allowance for credit losses with a corresponding entry to derecognize the financial asset by the amount deemed to be uncollectible.

GOODWILL INDUSTRIES OF THE SOUTHERN PIEDMONT, INC. AND SUBSIDIARY
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

Note 1—Nature of organization and significant accounting policies (continued)

Changes in the allowance for credit losses for the years ended December 31, was as follows:

	<u>2024</u>	<u>2023</u>
Balance, beginning of period	\$ 203,482	\$ 120,152
Provisions for credit losses of the period	(28,637)	136,696
Write-offs, net of recoveries	(70,414)	(53,366)
Balance, end of period	<u>\$ 104,431</u>	<u>\$ 203,482</u>

The assessment of the correlation between historical losses, current conditions, and forecasted economic conditions requires judgment. Alternative interpretations of these factors could have resulted in different conclusions regarding the allowance for credit losses. The amount of credit loss is sensitive to changes in circumstances and forecasted economic conditions. Goodwill's historical credit loss experience, current conditions, and forecast of economic conditions may also not be representative of the customers' actual default experience in the future.

Contributions Receivable – Unconditional promises to give that are expected to be collected within one year are recorded at their net realizable value. Unconditional promises to give that are expected to be collected in future years are recorded at the present value of estimated cash flows. The discounts on contributions receivable are computed using a rate commensurate with the risk of the contributions receivable in accordance with fair value accounting standards. Amortization of the discount is included in contribution revenue. Conditional promises to give are not recognized until they become unconditional, that is, when the conditions on which they depend are substantially met. Management determines the allowance for doubtful contributions receivable by identifying troubled accounts and applying overall estimates on uncollectibility.

Investments – Investments in equity securities with readily determinable fair values and all investments in debt securities are reported at fair value based on quoted market prices with gains and losses included in the consolidated statements of activities. Investments received by gift are recorded at fair value at the date of the gift.

Goodwill's investments include various types of securities that are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is possible that changes in risks in the near term could materially affect amounts reported in the consolidated financial statements.

Inventory – Inventory consists primarily of merchandise donated and held for sale. Donated inventory is stated at estimated fair value at the date of donation. Estimated fair value is based on retail sales for similar merchandise; therefore, the amounts Goodwill will ultimately realize could differ materially in the near term. Purchased goods are stated at cost.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

Note 1—Nature of organization and significant accounting policies (continued)

Land, Buildings, and Equipment, Net – Land, buildings, and equipment are stated at cost. Minor renewals and replacements are expensed when incurred.

Depreciation on buildings and equipment is calculated on the straight-line method over the estimated economic lives of the respective assets held, which are as follows:

Land improvements	10 - 27 years
Buildings	20 - 40 years
Production and store equipment	5 - 10 years
Automobiles and transportation equipment	3 - 5 years
Office furniture	3 - 10 years
Software	5 years
Leasehold improvements	Shorter of lease term or useful lives

Deferred Revenue – Deferred revenue represents revenue from contracts not yet earned and/or recognized. These funds are recognized as revenue as they are expended.

Deferred Loan Costs – Deferred loan costs are amortized over the life of the loan using the straight-line method, which closely approximates the effective interest method. Deferred loan costs, net of accumulated amortization, are included as a reduction to the carrying amount of the related notes payable on the consolidated statements of financial position.

Donated Equipment and Services – Donated equipment and services are reported as contributions in the consolidated financial statements at their estimated fair value on the date of receipt or when the service is completed.

Income Taxes – Goodwill is exempt from federal income taxes under the Internal Revenue Code Section 501(c)(3). Management evaluated Goodwill's tax positions and concluded that Goodwill had taken no uncertain tax positions that require adjustment to the consolidated financial statements. Accordingly, no provision for income taxes has been reflected in the accompanying consolidated financial statements.

Advertising – Goodwill expenses advertising expenses when they are incurred. Advertising expenses totaled \$818,422 and \$748,674 for the years ended December 31, 2024 and 2023, respectively.

Fundraising – Goodwill expenses fundraising expenses when they are incurred. Fundraising expenses include expenses for radio and television advertisements and direct mailings that involve solicitations for contributions, including financial contributions and donated goods. Fundraising expenses totaled \$405,151 and \$389,272 for the years ended December 31, 2024 and 2023, respectively.

Use of Estimates – The preparation of consolidated financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Functional Allocation of Expenses – Goodwill allocates certain expenses to program, supporting services, and fundraising based on management's estimates of the respective service's personnel requirements, supplies and materials usage, and space and equipment utilization.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

Note 2—Contributions of nonfinancial assets

For the years ended December 31, contributed nonfinancial assets recognized within the consolidated statements of activities included:

	<u>2024</u>	<u>2023</u>
Contributed nonfinancial assets:		
Donated goods	\$ 13,302,810	\$ 13,039,784
Cars for work program	162,556	156,306
Total contributed nonfinancial assets	<u>\$ 13,465,366</u>	<u>\$ 13,196,090</u>

Donated Goods – Goodwill receives a variety of clothing, furniture, electronics, and other household goods to be sold at its retail locations, online or through salvage sales. Donated goods are not accepted with any explicit donor restrictions. The proceeds from the sale of donated goods are used for both program services and supporting services. Goodwill recognizes the fair value of donated goods based on the retail sales price less the cost of the retail program as further described in Note 14.

Cars for Work – Goodwill receives proceeds from donated vehicles that are received and sold through a third party service and sold at fair value to unrelated third parties. The proceeds are generally received without donor restrictions and used at the discretion of Goodwill.

Note 3—Liquidity and availability of resources

The table below represents financial assets available for general expenditures within one year at December 31:

	<u>2024</u>	<u>2023</u>
Short-term financial assets at year-end:		
Cash and cash equivalents	\$ 8,477,054	\$ 10,160,377
Accounts receivable and unreimbursed costs, net	1,299,051	4,787,430
Contributions receivable, net	6,155	40,251
Investments	11,176,097	10,382,242
Financial assets available to meet general expenditures within one year	<u>\$ 20,958,357</u>	<u>\$ 25,370,300</u>

Goodwill considers general expenditures to include program expenses, supporting services, and any other commitments or liabilities to be paid in the subsequent year. As part of Goodwill's liquidity management plan, it structures its financial assets to be available as its obligations come due. Goodwill's policy is to maintain two months' worth of working capital available in cash or other liquid assets. Long-term financial assets, including contributions receivable, note receivable, and deferred compensation investments, have been excluded from financial assets as they are not available for expenditure due to the timing of collection or limits on their use. Goodwill also maintains one line of credit with a maximum availability of \$2,500,000. The line of credit is discussed in more detail in Note 10.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

Note 9—Fair value of financial instruments

In accordance with guidance on fair value measurements for financial instruments measured at fair value, fair value is defined as the price that Goodwill would receive to sell an asset or pay to transfer a liability in a timely transaction with an independent buyer in the principal market, or in the absence of a principal market, the most advantageous market for the asset or liability. The fair value guidance establishes a three-tier hierarchy to distinguish between: (1) inputs that reflect the assumptions that market participants would use in pricing an asset or liability developed based on market data obtained from sources independent of the reporting entity (observable inputs), and (2) inputs that reflect the reporting entity's own assumptions about the assumptions that market participants would use in pricing an asset or liability developed based on the best information available in the circumstances (unobservable inputs) and to establish classification of fair value measurements for disclosure purposes. Various inputs are used in determining the fair value of the Goodwill's financial instruments.

Fair value measurements apply to all financial assets and liabilities that are being measured and reported on a fair value basis. U.S. GAAP establishes a framework for measuring the fair value of assets and liabilities and require fair value measurements to be classified and disclosed in one of the following three categories:

Level 1 – Quoted prices in active markets that are accessible at the measurement date for identical securities. Goodwill's Level 1 assets are mutual funds, exchange-traded corporate bond funds, and certificates of deposit.

Level 2 – Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly. Inputs include quoted prices for similar assets and liabilities in active markets, inputs that are derived from investment manager reporting or corroborated by an independent advisor, and inputs obtained from comparison with benchmarks for similar assets for substantially the full term on the financial investments. If market quotations are not readily available for valuations, assets may be valued by a method the investment manager of the fund believes accurately reflects fair value.

Level 3 – Prices or valuations that require using significant unobservable inputs in determining fair value. The inputs into the determination of fair value require significant judgment or estimation. Goodwill did not hold any Level 3 financial instruments as of December 31, 2024 and 2023.

There have been no changes in the methodologies used as of December 31, 2024 and 2023.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Goodwill believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 9—Fair value of financial instruments (continued)

The following table sets forth by level, within the fair value hierarchy, Goodwill's assets at fair value as of December 31:

	2024		
	Level 1	Level 2	Total
Investments:			
Exchange-traded corporate bond funds	\$ 3,195,071	\$ -	\$ 3,195,071

	<u>\$ 11,068,582</u>	<u>\$ 756,272</u>	<u>\$ 11,824,854</u>

The following table sets forth by level, within the fair value hierarchy, Goodwill's assets at fair value as of December 31:

	2023		
	Level 1	Level 2	Total
Investments:			
Exchange-traded corporate bond funds	\$ 2,400,402	\$ -	\$ 2,400,402
Money market funds	338,492	-	338,492
Mutual funds	7,643,348	-	7,643,348
	<u>10,382,242</u>	<u>-</u>	<u>10,382,242</u>
Deferred compensation investments:			
Cash and cash equivalents	21,446	-	21,446
Mutual fund - balance fund	554,269	-	554,269

	<u>\$ 10,957,957</u>	<u>\$ -</u>	<u>\$ 10,957,957</u>

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2024 and 2023, there were no significant transfers in or out of Levels 1 or 2.

DECEMBER 31, 2024 AND 2023

Note 11—Employee retirement plans

Goodwill sponsored a defined contribution employee benefit plan to provide retirement benefits for all eligible employees who have completed two years of service. Goodwill makes an annual profit-sharing contribution to the plan at the discretion of the Board of Directors.

Effective January 15, 2022 and most recently July 1, 2022, the plan was amended and restated to allow for employee elective deferrals, matching contributions and employer discretionary contributions. All employees except, collective bargaining employees, nonresident aliens, leased employees, independent contractors, and temporary employees are eligible to participate in the plan.

These employees are eligible for elective deferrals after 30 days of employment, matching contributions after six months of employment and employer discretionary contributions once they have worked at least 1,000 hours in two specified 12-month periods.

Upon meeting eligibility requirements, employees are automatically enrolled in the plan with a 2% deferral per pay period. Employees may choose a different deferral percentage, including zero, by completing an elective deferral agreement. These salary reduction contributions may not exceed 90%. These elective deferrals are also subject to the Internal Revenue Service maximum contribution limits.

The plan will make a matching contribution equal to 100% of the participant 401(k) elective deferral contributions which are not over 3% of the participant's pay, plus 50% of 401(k) elective deferral contributions which are over 3% of pay but are not over 5% of pay. The plan may make a discretionary employer contribution which will be determined by the plan sponsor each year.

Goodwill offers its employees a Tax Deferred Annuity plan in accordance with Section 403(b) of the Internal Revenue Code ("IRC") of 1986. The employees' contributions are limited as defined by the limits under the IRC. Goodwill does not make any matching contributions to this plan.

Note 12—Lease liabilities

Goodwill leases certain equipment and retail store locations. Goodwill determines whether a contract contains a lease at inception by determining if the contract conveys the right to control the use of identified property, plant, or equipment for a period of time in exchange for consideration.

Right-of-use ("ROU") assets and lease liabilities are recognized at the commencement date based on the present value of the future minimum lease payments over the lease term. Renewal and termination clauses that are factored into the determination of the lease term if it is reasonably certain that these options would be exercised by Goodwill. Lease assets are amortized over the lease term unless there is a transfer of title or purchase option reasonably certain of exercise, in which case the asset life is used. In order to determine the present value of lease payments, Goodwill uses the implicit rate when it is readily determinable. As Goodwill's leases do not provide an implicit rate, management uses Goodwill's incremental borrowing rate based on the information available at lease commencement to determine the present value of lease payments.

Lease agreements do not contain any material residual value guarantee or material restrictive covenants. Goodwill does not have a lease where it is involved with the construction or design of an underlying asset. Goodwill has no material obligation for leases signed but not yet commenced as of December 31, 2024. Goodwill does not have any material sublease activities.

GOODWILL INDUSTRIES OF THE SOUTHERN PIEDMONT, INC. AND SUBSIDIARY
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

Note 12—Lease liabilities (continued)

Goodwill has elected the practical expedient not to recognize leases with terms of 12 months or less on the balance sheet and instead recognize the lease payments on a straight-line basis over the term of the lease and variable lease payments in the period in which the obligation for the payments is incurred. Therefore, short-term lease expense for the period does not reflect ongoing short-term lease commitments. Lease expense for such short-term leases was not material for the years ended December 31, 2024 and 2023.

Goodwill has elected to account for lease and non-lease components as a single component.

Finance lease ROU assets of \$163,169 and \$31,907 are included in property and equipment, net as of December 31, 2024 and 2023, respectively.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

Note 16—Commitments and contingencies

Goodwill is subject to various claims and litigation that arise in the normal course of business. Management has determined that, although the outcome of the litigation cannot be predicted with any certainty, the ultimate liability, if any, will not have a material adverse effect on Goodwill's consolidated financial statements.

Note 17—Subsequent events

The entity evaluated subsequent events through May 28, 2025, the date which the consolidated financial statements were available to be issued.
